Teen Birth Rate per 1,000 Teens Aged 15-19

Non-Health Social Factors

Structural issues such as poverty and lack of access to health care can contribute to teen pregnancy rates.

Children Living in Poverty

Young Adults (19-26) Without Health Insurance

Sexually Transmitted Infections

Though teen pregnancy rates are declining, STIs are increasing among Texas youth. Some increase may be due to better screening, but data suggests actual rates are on the rise.
