

9TH ANNUAL
HEALTHY FUTURES OF TEXAS®
**student
film contest**
POWERED BY TALK ABOUT IT TEXAS™

TEXAS TEENS, GRADES 9 – 12: LET YOUR VOICES BE HEARD!

Share your story through film! Submit a 3-minute film and help adults understand the issues and pressures teens really face.

This year the prompt for your films is:
Mental Health and Sex Ed—what's the connection?

Wondering what to do with that idea? Think about...

- How the things you learn in sex-ed affect your mental health.
- Or perhaps how not receiving any sex-ed affects your mental health?

submit your film by
MARCH 22, 2024

Healthy Futures of Texas' film contest was created to give Texas youth an artistic platform to share their views on sex, sex ed, birth control, teen pregnancy, and more. Your 3-minute film helps adults understand your perspective and the pressures you face, while also raising awareness about our mission to support well-informed sexual health decisions for all Texas women and youth.
