ADVANCING ADOLESCENT AND WOMEN'S HEALTH TOGETHER

www.txsymposium.org

“One of my favorite things about the Symposium is the networking opportunities with a diverse variety of experts in healthcare, relationships, education, and/or other related fields.”

- Texas Alliance of Child & Family Services

HEALTHY FUTURES OF TEXAS
annual symposium

WELCOME

The Healthy Futures of Texas Symposium serves as a distinctive educational platform that brings together professionals from various corners of the state. It offers comprehensive training, technical support, and a chance to connect with a network of experts equipped with the latest insights and optimal approaches in the fields of adolescent and women’s sexual and reproductive health.

We intentionally build a geographically diverse event, drawing attendees from all over Texas as well as bordering states including Oklahoma, Arkansas and Louisiana. Doing so creates an excellent peer-to-peer learning environment where participants gain a better understanding of what works, what doesn’t, and the most effective way to tackle prevention efforts. **We appreciate your support, and look forward to our continued partnership to build healthier communities for women, youth and families across Texas!**

ABOUT US

Healthy Futures of Texas improves the well-being of young Texans through equitable access to sexual health education, contraception and resources. We address the increasing barriers that young people in Texas face to obtaining quality sex education, access to contraception and sexual healthcare, and expand into related areas of young adult health.

Our vision is that every woman and young Texan has access to the information and resources needed to make well-informed sexual health decisions.

Visibility and recognition

Your organization will enjoy prominent visibility among a diverse and engaged audience. This exposure will enhance your brand recognition and establish your organization as a thought leader.

Networking opportunities

The Symposium is a hub for youth and women-serving professionals, experts, and leaders. As a sponsor, you will have the unique opportunity to connect with like-minded individuals and key decision-makers. Building these relationships can open doors to new collaborations, partnerships, and opportunities.

Supporting a worthy cause

The Symposium isn't just about business; it's also about giving back to the community and advancing important causes. Your sponsorship not only supports the success of our event but also contributes to these initiatives, creating a sense of fulfillment and purpose for your organization and its employees.

"The Symposium provides a powerful opportunity to connect and engage with key stakeholders, practitioners, policymakers, and educators from across the state of Texas on issues that impact equitable health outcomes for all women and girls."

- St. David's Foundation
